TN BOX BEAMS
A NARROW GATE WOODWORKS PRODUCT

WE WOULD LIKE TO USE TN BOX BEAMS IN OUR HOME.

TNBox Beams are high-quality, handcraftedreal wood beams designed to give the look of solid wood without the weight, warping, or hassle.

WHY USE TN BOX BEAMS

LOCK MITER JOINT

Site-built box beams made with 45° miter joints split over time. Ours don't.

REAL WOOD

Made from real wood , our beams look authentic because they are.

90% LIGHTER

Our hollow beams are lightweight and easy to install no more wrestling with solid timber!

BOX BEAMS

Offered in real wood - spruce, cedar, white oak, etc

DIMENSION (width x height)

Available in 5', 7', 8.75', 10.75'

LENGTH

Available in 10', 12', 14', 16', 18', 20'

STAIN & TEXTURE

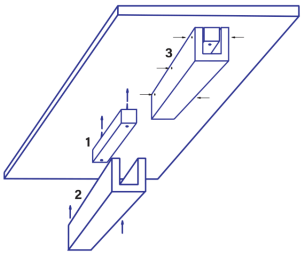

Variety of stains and textures available to match any project.

Need a custom size? Reach out today, and let's build the perfect beam for your space.

Effortless Installation

Like Hanging a TV.

- Mounting Method: Secure to blocking or brackets with screws.
- Tools Needed: Standard tools (screwdriver, drill, level, etc.).
- Estimated Time: Typically a 1-2 hour install, depending on beam size.

DON'T STOP AT BEAMS — EXPLORE OUR MANTELS AND FLOATING SHELVES!
